

PEARLS for Teen Girls provides inspiration and guidance to hundreds of at-risk teen girls in the Milwaukee area. **PEARLS** girls set their own goals and work towards achieving them in a safe and supportive environment.

PEARLS girls are more likely to resist peer pressure, abstain from sex and stand up for their beliefs. That's why **PEARLS** has become the premier program for girls' self-development in this community.

That's why **PEARLS** makes a difference, just like the woman who inspired you.
